

GENUINE[®]
Dr. Comfort
EST.  USA

2025 VOLUME ONE

**DR. COMFORT® PROUDLY CARRIES THE AMERICAN
PODIATRIC MEDICAL ASSOCIATION SEAL OF
ACCEPTANCE ON PRODUCTS AS INDICATED.**

At Dr. Comfort® we understand the importance of foot care and are committed to helping people get back on their feet. With over 100 years of combined experience in foot care, footwear knowledge and pedorthic training, our team of educators know a thing or two about proper foot health.

Our shoes are available online and through healthcare providers who specialize in foot health. Proper footwear can help prevent more serious complications for those at risk. If you qualify, Medicare or other insurances may help cover the cost*.

*Your doctor or one of our providers can help determine if you qualify. To find a local provider visit drcomfort.com/storelocator or call at 800.556.5572.

You must properly maintain and care for your shoes. Cease using immediately and call your doctor if you have any signs of blisters, pain, swelling or other indications which could cause damage to your feet.

NEW!

Don Light Blue

WHAT IS A LAST?

It's a three-dimensional model or mold, typically made of wood, plastic, or metal, which replicates the shape and size of a human foot. While some shoe companies only have one last, Dr. Comfort®, has multiple lasts to accommodate different foot shapes and sizes.

Women's Lasts

Euro Last

Euro Double Depth Last

Round Last

Round Double Depth Last

Men's Last's

Round Last

Round Double Depth Last

Dress Last

Shoes built on the same last will have a similar fit but there will be some differences due to variations in shoe materials, foot conditions, hosiery/socks and inserts. The Double Depth lasts will be $\frac{1}{4}$ inch deeper which fits about one width wider.

The shoe last will be displayed on the top of the catalog page.

P Items with this symbol are being phased out. Stock may be limited.
